

All **Smart Celiac'** tags will help you easily spot products that do not contain gluten from wheat, barley, rye, or oats. 'Smart Celiac' tags denote safe options for people with Celiac Disease or a gluten intolerance. This list is updated monthly as new products arrive daily.

NOTE: All products listed should be labeled "gluten free" or "GF." Products may also be "wheat free," "sugar free" or "organic" and will also be labeled as such. Manufactures may change their ingredient listings at any time to include gluten. To ensure a gluten free diet, please check the ingredients on the product package at the time of purchase.

Sunflower Farmers Market is offering this guide as a reference; however, it is not intended to replace the advice or recommendations of a physician. Please consult with a physician prior to making any dietary lifestyle changes.
