TERRIFIC TOMATOES!

Enjoy these types of
terrific tomatoes!

Cluster

Cluster tomatoes are left attached to the vine where they continue to draw moisture and nutrients for several days after harvesting for maximum flavor. Great in any dish!

Grape

The grape tomato is sweet and ideal for snacking and salads. They make a great snack for kids.

Roma

Roma tomatoes have a lower water content and fewer seeds, so they are especially good for cooking and canning. These are often used in salsa and pico de gallo as well.

Beefsteak

Beefsteak are the largest tomatoes, making them the ideal tomatoes for sandwiches.

Heirloom

Heirloom tomatoes are a specialty tomato and are great in any recipe where fresh tomatoes are used, especially if tomatoes are prominent in the dish or provide the main flavor of the dish, like Caprese salad or salsa. These tomatoes are many different colors and sizes.

Campari

Great for snacking or for use in salads, on pizza, or for sandwiches, in salsa, or roasted.

Cherry

They are very colorful as a whole tomato in a salad, and their size makes them ideally suited to this purpose.
